MMC Tech Ventures LLC (DBA Codavyn)

AI-Enabled Modernization | Cloud Architecture | DevSecOps Automation

Company Overview

MMC Tech Ventures LLC, doing business as Codavyn, is a Women-Owned Small Business specializing in AI-enabled software modernization, cloud-native architecture, DevSecOps automation, and advanced software engineering. The company supports federal and commercial clients by modernizing legacy systems, automating development and operational workflows, and delivering secure, scalable technology solutions.

Core Capabilities

• AI / LLM integration and agentic workflow automation
• Software modernization and legacy system transformation
• Cloud-native architecture, migration, and infrastructure automation (AWS / Azure)
• DevSecOps and CI/CD pipeline engineering
• Custom software development, APIs, and microservices
• Data engineering, systems integration, and platform design

Differentiators

• 100% Women-Owned Small Business (WOSB-eligible)
• Enterprise-scale modernization and engineering leadership experience
• Strong focus on automation, productivity, and risk reduction
• Low-overhead, high-impact delivery model ideal for subcontracting and surge support
• Experience supporting regulated and security-conscious environments
